

Creating Maps

This 4.5 hour course is designed for Splunk power users who want to create maps on dashboards.

It focuses on the data and components required to create cluster maps, choropleth maps, and choropleth SVGs. It also shows how to format, customize, and make maps interactive.

Course Topics

- Cluster Maps
- Choropleth Maps
- Customizing Maps
- Choropleth SVG

Prerequisite Knowledge

To be successful, students should have a solid understanding of the following:

- Intro to Splunk
- Introduction to Dashboards

Course Format

Instructor-led or eLearning
